

2024 Spring Festival face-to-face reunion for inmates

The Spring Festival in 2024 is coming soon. In order to relieve the inmates' homesickness, the prison held a face-to-face Spring Festival reunion on 16 and 17 January, at which they enjoyed happiness and enhanced good relationship with their families. It was hoped that by families' support, the inmates would be encouraged to repent, become good, and return to society smoothly and successfully. The total numbers of 474 inmates and 846 family members participated in this reunion.
