

## 2026 Mother's Day face-to-face meeting for inmates

Daring the Mother's Day in 2026, in order to relieve the inmates' homesickness, the prison held a face-to-face Mother's Day reunion for two consecutive days from April 28 to 29, so that the inmates can share their family relationships and bond with their families face to face. It is hoped that through the strength and companionship of family support, the inmates would be encouraged to repent, become good, and return to society smoothly. A total of 488 inmates and 735 family members participated in this face-to-face event.
